Student SchoolSpeak Logins

Beginning next week our middle school students will be given the ability to login to SchoolSpeak with their own accounts. This will allow them to view their own homework, order lunch, view progress, as well as communicate with teachers.

SchoolSpeak FAQ

Q. What if I forget to order or pay for lunch for my children?

A. The teachers always double check lunch orders along with attendance each day. If a lunch is ordered by the teacher for your child the system will automatically invoice you.

Q. Why does it appear as though I owe lunch money for one child but my other child shows a credit?

A. When you pay in advance it will apply as a credit to one child's account, however, the system does view it as family credit and it will be used for all children in your family. Your overall balance will give you the correct amount.

Q. Will I be charged online fees for every lunch order?

A. The fees are charged per transaction. You are able to prepay as much as you'd like for the school year. If you choose to use Vanco with your checking account you are charged \$0.25 per transaction. If you use PayPal or PayPal credit it is 2.9% plus \$0.30 per transaction. You may avoid this additional charge if you pay by cash or check, which we then apply to your account.

Q. I'm unable to login to SchoolSpeak.

A. Click on forgot password and the system will send you a new one via email.
